Putting together your perfect wardrobe

Here at Baker Bespoke we want to provide you with the best possible service to create your perfect bespoke wardrobe at an affordable price.

Baker Bespoke is a small local Bristol business specialising in wardrobes and fitted furniture. This catalogue has been created to help you decide what style is right for your home and what design suits your storage needs best. All of the products shown are made specifically to fit your room, unlike other larger companies, which means we can offer all of our products tailored to your specific needs. If there is something you can't find in the catalog that you have seen elsewhere please feel free to send over a picture and we will try our best to match it for you.

Each of the steps listed on the next page are designed to help you build your perfect wardrobe. If you have any questions along the way feel free to call Mark on 07932405012 and I will be more than happy to help.

Before you start working your way through each step of the catalogue, you may want to get some inspiration by checking out the gallery on pages 36-46, or check out **Instagram @bakerbespoke** for some of my previous work.
